

# Dump Pit Safety Rules

**Please follow these simple steps and procedures and we will all have a Safe and Productive Harvest:**

- Shift your vehicle into neutral and set the parking brake.
- Do not begin hoisting dump bed vehicles until instructed to do so.
- If you have any problems with the mechanism that allows grain to flow out of your vehicle, inform the dump pit operator of the best method to operate this problem equipment.
- For everyone's Safety, DO NOT use cellphones in the dump pit.
- DO NOT PROCEED back to the scale until the dump operator signals you it's OK to move!
